OUR STORY

Wynwood is an eclectic district in the urban core of Miami, Florida. It is home to art galleries, retail stores, antique shops, eclectic bars, artisanal eateries and one of the largest open-air street-art installations in the world.

Throughout the mid-to-late 1900s, Wynwood was an enclave for Caribbean immigrants and home to Miami's Garment District. Following a decade of economic exodus and depression, in the early 2000s, forward thinking developers and property owners rehabilitated neglected warehouses, shuttered factories, and other unused buildings, transforming them into the innovative businesses that are visible today.

However, it is street art that helped spark Wynwood's renaissance. Since the introduction of Second Saturday Art Walk and the arrival of Art Basel (2002), the influence and relevance of the arts community in Wynwood has become undeniable. Artists from around the world have sought inspiration in the area's windowless facades and used them as canvases to showcase their work, leading to the vivid murals that adorn the district.

oday, Wynwood is recognized globally as a premier destination for art, fashion, innovation and creative enterprise. It is one of the largest and most prominent creative communities in the United States, and where a new generation of creatives and entrepreneurs want to live, work, and play.

MUSEUM OF GRAFFITI

Founded in 2019, the Museum of Graffiti was formed to preserve graffiti's history and celebrate its emergence in design, fashion, advertising, and galleries.
